Tahoe Network of Fire Adapted Communities Ideas for Leaders

Encourage	Wildfire	Preparation
-----------	----------	-------------

☐ Talk to friends, neighbors, and community members about the threat of wildfire at Lake Tahoe
☐ Distribute educational materials to your neighborhood and community groups
☐ Disperse information about free defensible space inspections and chipping services
☐ Encourage neighborhood-wide defensible space and home hardening
Consider hiring professional contractors for neighborhood scale projects
Contact the Tahoe RCD/Fire Districts for information and create defensible space
Educate new neighbors on what the neighborhood is doing to prepare for wildfire
Disperse information about your local landfill fees, policies, and hours of operation
☐ Engage all residents and homeowners in the neighborhood, including long-term renters and second
homeowners
Compile email addresses and send wildfire preparation information or newsletters
Use May and June to introduce yourself to your neighbors and remind them of seasonal maintenance
for defensible space and home hardening
Consider applying to become a Firewise USA site
Apply for a grant to do mitigation or home hardening work in your neighborhood
☐ Team up with a service, youth, or religious group to help low income, disabled, or elderly neighbors
prepare for wildfire
Prepare an evacuation plan with neighbors
☐ Talk with elderly or disabled neighbors about their evacuation plans and needs
☐ Inventory your neighborhood street and home address signs. Encourage neighbors to use reflective
signs and numbers. Find ways to make signs more visible to emergency responders
☐ Have firefighting personnel visit your neighborhood to assess driveways, turnouts, turn-arounds, etc.
for emergency access
General Neighborhood Awareness
☐ Place a Get Defensive/Workday Banner in a visible location in your neighborhood from April-June
Leave educational materials at local community boards and meeting spaces
Attend local events or meetings and promote wildfire preparation
Write a letter to the editor of your local newspaper describing the importance of wildfire preparation
☐ Talk to your local elected officials about the importance of wildfire preparation
Wear your Neighborhood Leader Lanyard when engaging with your neighbors and in the community
Encourage your neighbors, friends, and social groups to sign up for the Tahoe Network of Fire
Adapted Communities Monthly E-Newsletter
☐ Invite neighbors and friends to Tahoe Network of Fire Adapted Communities workshops and trainings

Plan an Event

wildfire issues and answer any questions Host a get together with your neighbors and talk to them about the fire hazard within your neighborhood and create a plan to tackle the fuel load together Plan a wildfire preparation block party Organize a slash and debris chipping day or community workday Utilize pre-existing events for impactful outreach opportunities Tips for Success Be polite and professional and don't pressure those who are unwilling Don't assume why someone isn't doing the work, instead work with them to understand their barriers Be consistent and ensure your neighbors know you're the point of contact in the neighborhood Don't claim to be the 'expert' if you're unsure, utilize the resources (online & print) to guide you through the conversation	Organize a tour of homes with exceptional defensible space and home hardening
Have a speaker from the master gardeners' program to discuss fire resistant landscaping If you belong to any clubs or social groups, schedule a date for an expert to educate the group about wildfire issues and answer any questions Host a get together with your neighbors and talk to them about the fire hazard within your neighborhood and create a plan to tackle the fuel load together Plan a wildfire preparation block party Organize a slash and debris chipping day or community workday Utilize pre-existing events for impactful outreach opportunities Tips for Success Be polite and professional and don't pressure those who are unwilling Don't assume why someone isn't doing the work, instead work with them to understand their barriers Be consistent and ensure your neighbors know you're the point of contact in the neighborhood Don't claim to be the 'expert' if you're unsure, utilize the resources (online & print) to guide you through the conversation Direct continued complaints or questions you're unable to the Fire Adapted Communities Outreach Coordinator at 530-543-1501 ext. 114 Avoid uncomfortable situations and never put yourself into a dangerous situation. If you don't feel comfortable, don't do it Participate in workshops and trainings to stay informed Meet other neighborhood leaders throughout Lake Tahoe to network and learn from each other Find a few co-leaders in your neighborhood to make up your committee (3 people minimum) Lead by example by ensuring your home is in compliance with defensible space codes and wildfire	☐ Invite wildfire experts to your neighborhood to present on preparing for wildfire, fire season
