

Lake Tahoe Basin Fuel Reduction and Wildfire Prevention Incident Action Plan

2018

Protecting lives, property, and the environment of the Lake Tahoe Basin from wildfire by implementing prioritized fuel reduction projects and engaging the public in becoming a fire adapted community.

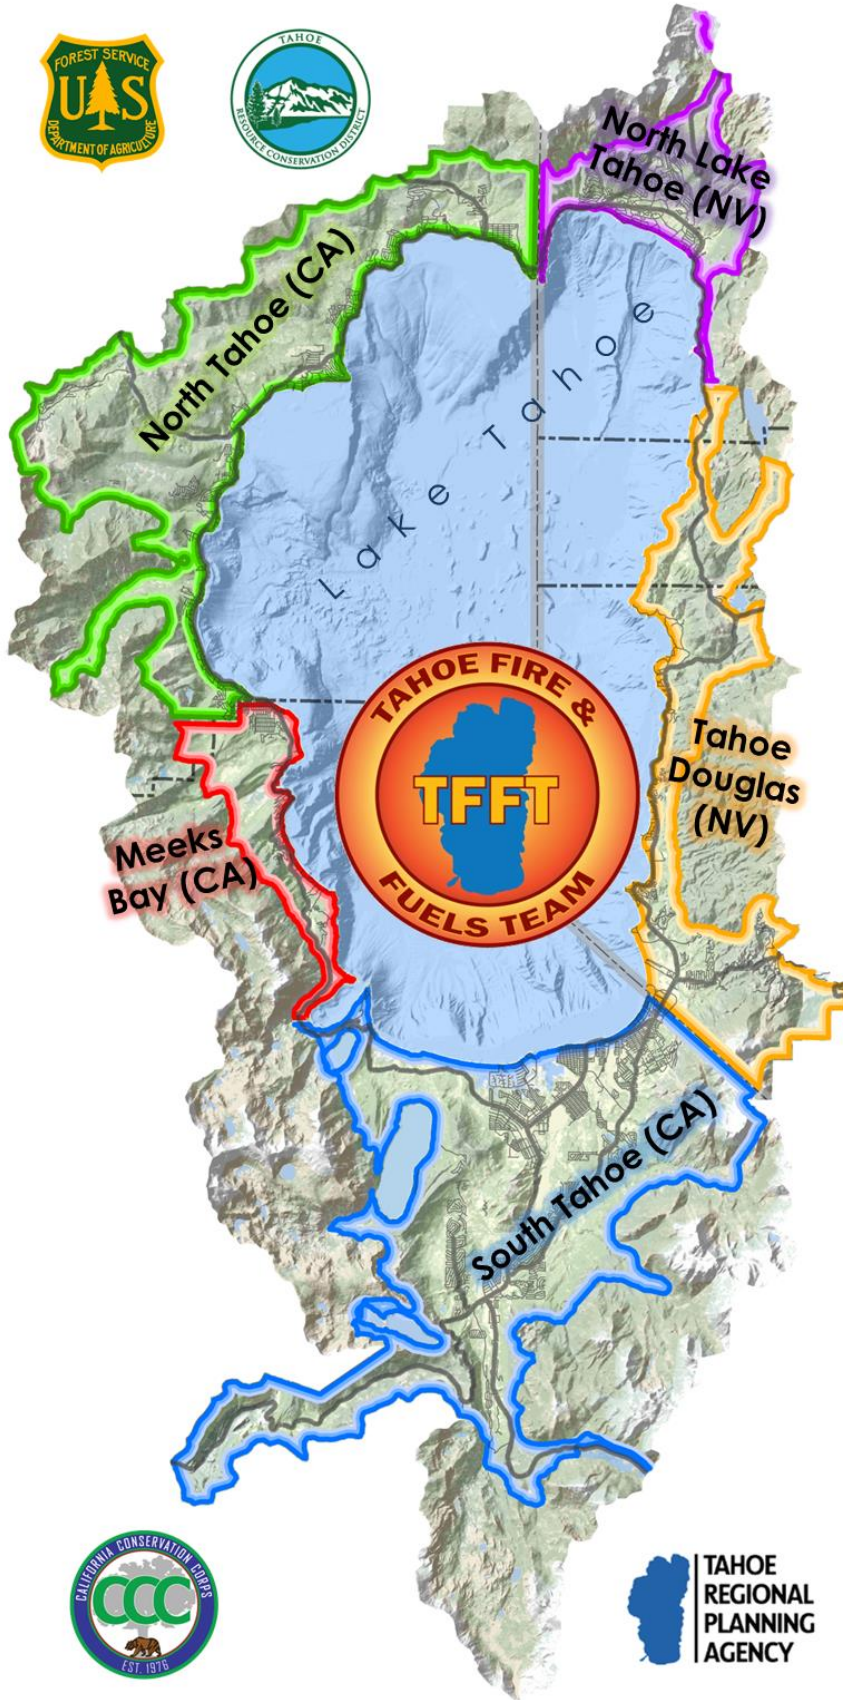

List of Acronyms

AEU	Amador-El Dorado Unit of CAL FIRE
CAL FIRE	California Department of Forestry and Fire Protection
CSP	California State Parks
CCC	California Conservation Corps
CTC	California Tahoe Conservancy
CWPP	Community Wildfire Protection Plan
FAC	Fire adapted community
FAC Net	Fire Adapted Communities Learning Network
FEMA	Federal Emergency Management Agency
Fire PIT	Fire Public Information Team of the TFFT
FLFD	Fallen Leaf Lake Fire Department
HFR	Hazardous fuel reduction
LRWQCB	Lahontan Regional Water Quality Control Board
LTBMU	Lake Tahoe Basin Management Unit of the USFS
LVFPD	Lake Valley Fire Protection District
LTW	Lake Tahoe West (Restoration Partnership)
MAC	Multi-Agency Coordinating Group
MBFPD	Meeks Bay Fire Protection District
NDF	Nevada Division of Forestry
NDSL	Nevada Division of State Lands
NEU	Nevada-Yuba-Placer Unit of CAL FIRE
NFF	National Forest Foundation
NLTFPD	North Lake Tahoe Fire Protection District
NTFPD	North Tahoe Fire Protection District
PTEIR	Program Timberland Environmental Impact Report
SLTFD	South Lake Tahoe Fire Department
SNPLMA	Southern Nevada Public Lands Management Act
SRA	State Responsibility Area; also refers to a grant source
Tahoe RCD	Tahoe Resource Conservation District
TDFPD	Tahoe Douglas Fire Protection District
TFFT	Tahoe Fire and Fuels Team
TMTF	Tree Mortality Task Force
TNFAC	Tahoe Network of Fire Adapted Communities
TRPA	Tahoe Regional Planning Agency
UCCE	University of California Cooperative Extension
UNCE	University of Nevada Cooperative Extension
USFS	United States Forest Service

About the Tahoe Fire and Fuels Team

The Tahoe Fire and Fuels Team (TFFT) consists of representatives of Tahoe Basin fire agencies, CAL FIRE, Nevada Division of Forestry and related state agencies, University of California and Nevada Cooperative Extensions, the Tahoe Regional Planning Agency, the U.S. Forest Service, conservation districts from both states, the California Tahoe Conservancy and the Lahontan Regional Water Quality Control Board. Our Mission is to protect lives, property and the environment within the Lake Tahoe Basin from wildfire by implementing prioritized fuels reduction projects and engaging the public in becoming a Fire Adapted Community.

INCIDENT OBJECTIVES

LAKE TAHOE BASIN FUEL REDUCTION AND WILDFIRE PREVENTION - 2018	Operational Period: Date From: 5/1/2018 Date To: 5/1/2019
Objectives: Operational Objectives: <ol style="list-style-type: none">1) Develop and support multi-jurisdictional planning initiatives.2) Implement all-lands fuel reduction and fire prevention activities.3) Provide coordinated notification and educational messaging through the Fire Public Information Team.4) Develop a network of communities and organizations to increase fire preparedness through the Tahoe Network of Fire Adapted Communities.5) Coordinate and plan projects with aligned objectives to increase efficiency and effectiveness. Management Objectives: <ol style="list-style-type: none">1) Provide for public and implementer safety while implementing fuel reduction and fire prevention projects.2) Reduce the threat of catastrophic wildfire and potential impacts to life, property, and the environment.3) Provide consistent and coordinated messaging and public involvement that reinforce fire adapted community concepts.4) Develop and implement fuels reduction projects that provide multiple resource benefits, including the enhancement of water quality, wildlife habitat, forest vegetation, recreation and scenic resources, and carbon sequestration.5) Manage projects and programs in a financially responsible and efficient manner.	
Operational Period Command Emphasis: TFFT Mission To protect lives, property and the environment of the Lake Tahoe Basin from wildfire by implementing prioritized fuels reduction projects and engaging the public in becoming a Fire Adapted Community. Cohesive Strategy Goals <ol style="list-style-type: none">1) Restore and maintain fire resilient landscapes: Effectively work across jurisdictions to address risks to ecosystems and communities at a landscape scale.2) Create fire adapted communities: Facilitate interagency cooperation and strengthen communication and support between agencies and the public.3) Provide effective and efficient wildfire response: Provide strategic treatments on the landscape to facilitate safer and more successful suppression; track accomplishments to inform risk-based management decisions and tactical actions.	
General Safety Message: Provide for implementer and public safety at all times. Implement fuel reduction and fire prevention activities on projects as specified in applicable forest practice acts, vegetation management plans, and regional codes and laws.

Group Objectives

1. Analyze communities within each fire district where hazardous fuels conditions or tree mortality intersect with critical infrastructure and structures.
2. Develop standardized structure defense and pre-attack plans in order to mitigate threats to life, property and critical infrastructure. The deliverables shall cover areas within the Lake Tahoe Basin where significant risk to fire fighter and public safety exist.
3. Develop safety briefing topics relevant to the unique hazards of the area for the pre-plan documentation.
4. Develop pre-plan to work in concert with local evacuation plans and consider other planning documents already completed within certain jurisdictions.
5. Provide regular updates at Task Force meetings to ensure effective communication and geographic coordination among all task force groups and stakeholders.

Special Instructions

- Work with other federal, state, and local agencies as needed.
