

Addendum to Cooperating Agencies Letter of Support

April 1, 2016

The Tahoe Fire and Fuels Team (TFFT) was formed in 2007 to implement the Lake Tahoe Basin Multi-Jurisdictional Fuel Reduction and Wildfire Prevention Strategy. The Strategy was updated and endorsed by the executives of the TFFT partner agencies in August 2014.

A Multi-Agency Coordinating Group (MAC) provides oversight of the TFFT, and is composed of the chief executives of the signatory agencies to the Strategy. On February 23, 2016, the MAC approved the addition of the Tahoe Resource Conservation District to the MAC and as signatory to the strategy.

The Tahoe Resource Conservation District recognizes and supports the mutual benefits to all jurisdictions, working collaboratively, to reduce fuels in order to sustain resilient forest landscapes and create fire-adapted communities throughout the Lake Tahoe Basin. The undersigned resolve to support and implement the Lake Tahoe Basin Multi-Jurisdictional Fuel Reduction and Wildfire Prevention Strategy with Basin Partners.

Kim Boyd, Executive Director
Tahoe Resource Conservation District

Ben Sharit, Chair
Multi-Agency Coordinating Group
