

Tahoe Fire Adapted Communities

Located in wildfire-prone areas, Fire Adapted Communities reduce the potential for loss of human life and injury, minimize damage to homes and infrastructure, and reduce firefighting costs by taking the necessary steps to prepare before a wildfire occurs. There are five elements involved in creating a Fire Adapted Community in your neighborhood:

This postcard was printed with Southern Nevada Public Lands Management Act of 1998 funds

Where Do I Start?

Join the Tahoe Network of Fire Adapted Communities

The Tahoe Network of Fire Adapted Communities is an alliance of organizations working to reduce wildfire risk in the Lake Tahoe Basin. It is made up of Fire Protection Districts, land management agencies, and engaged communities with the shared goals of preventing and preparing residents and visitors for wildfire.

Connect with us! Visit tahoe.livingwithfire.info to:

- Sign up to receive the monthly e-newsletter
- Find a wildfire preparation event near you
- Learn more about what you can do to prepare for wildfire
